

THE FUTURE OF JOINT INSTALLATION-COMMUNITY PLANNING: ABERDEEN PROVING GROUND & HARFORD COUNTY. MD.

Last Modified on 02/19/2020 3:45 pm EST

The Chesapeake Science and Security Corridor (CSSC) has undergone a multi-year Joint Land Use Study and implementation plan involving multiple jurisdictions and the Aberdeen Proving Ground installation. Learn how compatible use practices have resulted in coordinated planning from sea level rise impacts to sustained mission economic analysis to amenities for workforce attraction. Deliverables will be spotlighted that showcase the use of technology in promoting compatible use community wide.
