

DEFENSE COMMUNITY INFRASTRUCTURE PROGRAM – LESSONS LEARNED AND BEST PRACTICES

Last Modified on 11/05/2021 1:47 pm EDT

The Defense Community Infrastructure Program is quickly establishing itself as a vital resource for both installations and communities as they look to address key infrastructure challenges. This session will dive into how the program is working, highlight four successful projects and provide key insights on how your community can take advantage of this innovative new grant program.
