

AI IN ACTION—USING NEW TECHNOLOGIES TO STREAMLINE THE DEFENSE SECURITY COOPERATION AGENCY

Last Modified on 03/14/2022 10:42 am EDT

Our community often leaves reimbursements on the table because of manual or cumbersome internal workflow processes. Attend this session to learn how Juvare's WebEOC serves as the DSCA synchronizer to proactively plan and respond to requests for assistance from interagency partners during incidents, track related costs for reimbursement, and coordinate mutual aid.
