

BOOM! BOOSTING OPTIONS FOR OPERATIONS AND MAINTENANCE AT USAG FORT STEWART - HUNTER ARMY AIRFIELD, GA

Last Modified on 11/02/2022 1:02 pm EDT

This session will de-mystify how the Water Tower Maintenance IGSA came to fruition among military-civilian stakeholders. This partnership capitalizes on mutual benefits and best practices and mitigates critical vulnerabilities at the premier power projection platform on the East Coast. This partnership provides economic infusion in the surrounding community, reinvests in common industrial bases and enables cost efficiencies for the Garrison.
